A DAY OF ACTION, CREATIVITY AND CONNECTION

College Garden, 11.00am-4.00pm, Saturday 9th May 2026

Local groups working for justice, sustainability and community wellbeing will showcase their projects and invite visitors to get involved. The day will feature community stalls and interactive displays, performances and live music, Peace talks and informal conversations.

The overall aim of the Festival is to explore what it means to be peace builders in our homes, our communities, and our world.

Whether you come to listen, to learn, or simply to be among kindred spirits, you'll leave reminded that you're not alone – and that together, we can shape a more compassionate future.
